

Magnetic strip for door gasket

The products we produce currently, including pipe, bar, vacant profiled material, and profiled material, etc, there're over hundreds of magnetic door gaskets. Our factory have production abilities of 800,000 sets per month. The material is some thermos plasticity such as ABS, PE, PP, PVC, AS EVA, and PC. etc, With the performance such as high temperature and low temperature-resistant, corrosion-resistant, aging resistant and removal resistant, they are widely used in refrigerator, disinfector, distillatory and cabinet, disinfect the cabinet, kitchen cabinet, steaming bath tube. And they can be used as car sealing gasket and other soft gasket. With stable performance, competitive price and full heart service, our magnetic door gasket win a high reputation in the trade. Our company has passed ISO9001 quality assurance authentication since 2000. The door gasket we produce sell to Southeast Asia, Euro-American countries, the quality of products we produced is highly praised by our clients.

Technical specification	Unit (or test standard)	Performance
Appearance		Smooth, with no pinhole or air bubble, be free from Crack, Chip off, Damage, Unmagnetised, condition, Dirt, Lobbing, Without champher
Dimensional tolerance		+/-0.1mm vertically +/-0.1mm horizontally
Density	G/cm ³	1.35~1.50
Hardness	Ha (A)	60+/-5
Tear resistance	MPa	10~30
Welding corner pull strength	N	≥ 100
Cold proof	°C	≤ -18 with no crack
Crack elongation rate	%	250~300
Flexural strength	ISO4589/2-1995	≥ 49
Heat stability	ISO/R182-1900(E)	≥ 200° C
